Resolution of the applications

Benefits

- Applicable to study programs already under way
- No administrative costs
- No payments and no interests during studies
- Students receive the resources in foreign currency and pay back in Mexican pesos
- Start paying 1 year after graduation
- 10 year student loans
- Discount in interest payments if the loan is paid on time and students return to work in Mexico
- Interest payments are forgone if students return to work in a Mexican University as a researcher or professor.

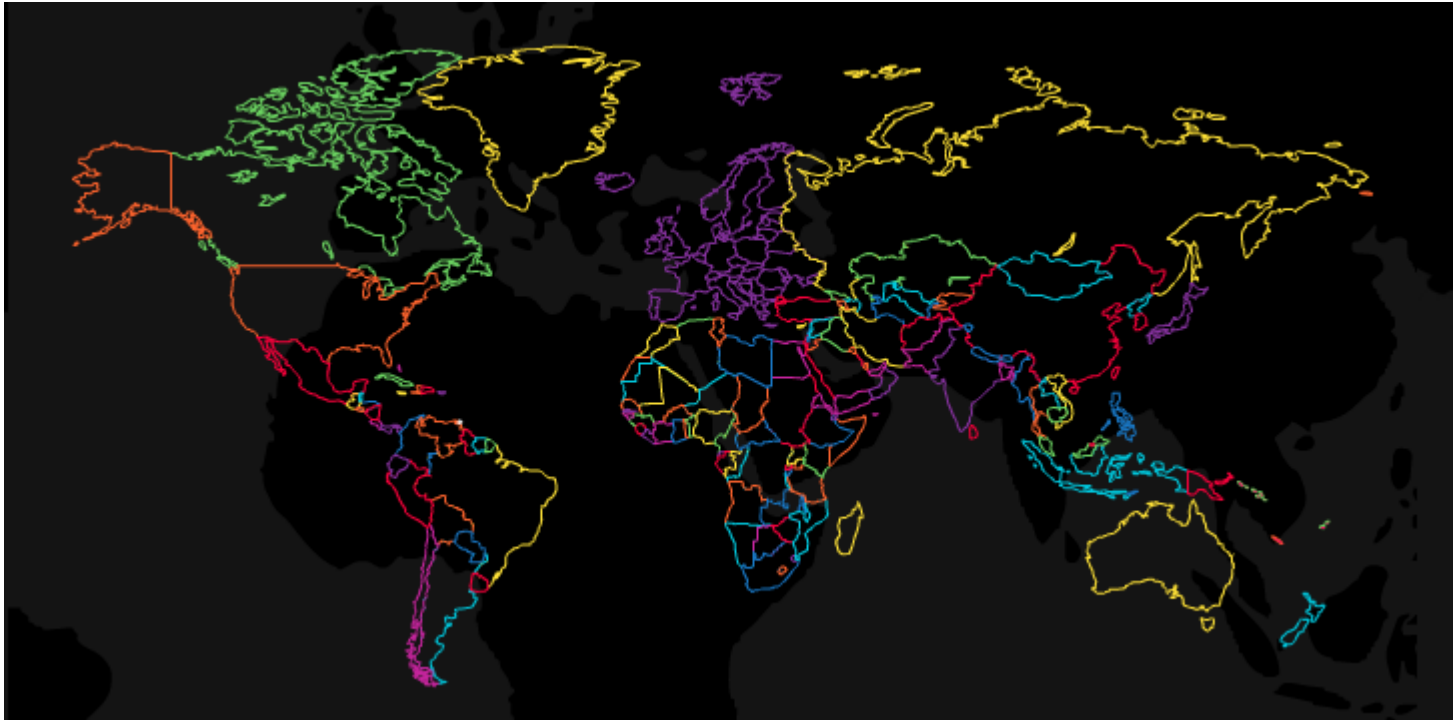

Financial scheme

- Studying period: students receive either quarterly or annual stipends to cover tuition, living expenses or health insurance. During this period, there are no payments made and interests are not generated.
- Grace period: after the studying period, FIDERH gives a 12 month grace period before payments begin.
- Payment period: students have 10 years to pay back the loan in 40 quarterly installments at approximately a 4% - 5% annual interest rate. Students who pay on time, are eligible for interest reduction or cancellation.

International collaboration

We have agreements with global universities that offer students additional scholarships or discounts
